Overseas postmen, sailing or tender postmen and head postmen will no longer draw pay at special rates but the pay, according to the revised time scales, admissible to them as postmen pay. Any allowances at the rates shown below.—

	Scale.
Overseas postmen	10 0 per centum.
Sailing or tender postmen	7 5 "
Head postmen	5 0 "

3. *Entry on to the new scale of pay.*—The Government of India accept the Committee's recommendation that, in bringing over to the new scale on to the new fundamental scales of pay, all postmen permanent events should be allowed to count for increments on the new scale subject to the proviso that ordinarily no one should be allowed to draw under this rule more than 50 per cent in excess of the sum of the pay proper plus war allowances drawn by him on the date of the start of these scales. The Government of India, however, have decided that the 50 per cent limit shall be retained in the following cases. In the first case no one shall draw less than the minimum pay of the new scale in excess of the pay proper plus war allowances drawn by him on the date of the start of these scales. Secondly, it has been pointed out that in some cases the effect of the 50 per cent limit will be to bring all the men of a particular grade on to the minimum pay of the new scale of that grade (irrespective of the length of their service). The Government of India recognize that this result would be inequitable, and in order to meet the difficulty, they are pleased to direct that in cases where the 50 per cent of the official scale with in this Resolution would be limited to the minimum of their grade by the 50 per cent rule, six years' permanent service shall, notwithstanding it is above the official pay scale, be taken into account in the application of the 50 per cent rule. In cases where the application of the 50 per cent rule results in a rate of pay which exceeds the maximum of a grade, the excess shall be rounded off to the next highest rate.

4. *Rate of pay effect on the new scale of pay.*—The Committee have recommended that the new scale of pay together with the local allowances proposed in various districts in the Central Circle should be introduced from 1st December 1930, in view of the fact that the revision of pay of the Telegraph Department was introduced from that date, and the Government of India have decided to accept this proposal. The same rate of allowances mentioned in paragraph 1 is now shown where they have been newly authorized or the rate have been revised or sanctioned from May 1st, 1930, i.e., the date with effect from which such allowances were sanctioned for the Telegraph staff. From the revision of pay which will become due under the new scale, the advance of one month's pay, authorized under the orders passed by the Government of India in this department on May 31st, 1930, shall first be deducted. If the balance due to any postman at the end of the month is in the Resolution specified

Rs. 4, it shall be paid in two instalments, the first as soon as the sum due has been ascertained, the second two months later. If the advance already drawn exceeds the said amount due, if any, the balance shall be recovered from the monthly pay at three equal monthly instalments.

3. *Lord allowances and house-rent allowances.*—All allowances of these classes which are granted at present will continue except in the cases where new allowances of the same classes are specifically mentioned in the schedule included in paragraph 3.

4. *War and peace compensation allowances.*—With the introduction of the revised scales of pay shown above, the war and peace compensation allowances hitherto drawn by the staff will be discontinued with effect from the 1st December 1918. The Director-General of Posts and Telegraphs has been authorized to authorize the grant of a personal allowance to any person who may be adversely affected by the revision, so as to protect him from actual loss of emoluments. It has also been decided that no resources should be made of amounts withdrawn in respect of this period from the 1st December 1918 to the 15th June 1920 on account of pay and allowances in advance of the amounts admissible under the scales now specified.

5. *Cost of cinema.*—The total cost of the above revision is estimated as approximately Rs. 37-42 lakhs a year.

6. The Committee's report will be published as soon as it is received in a complete form.

NOTIFICATIONS.

Calcutta, July 22, 1920.

No. 26.—The Government have had under consideration the question whether the rates of travelling allowances admissible to officers of different departments travelling in the Agency tracts of Gujerat, Vindhya and Godwari which are now governed by varying scales should not be brought on to a uniform basis. They have consulted the Agents in the Districts of Gujerat, Vindhya, and the Government Agent, Godwari, and also Mr. Harris, I.C.S., Agency Commissioner, and have arrived at the conclusion that the variation in the allowances now drawn is not based on any difference of conditions.

The Government accordingly direct that in execution of all previous orders on the subject the travelling allowances admissible to officers of all classes touring in the Agency tracts shall be 50 per cent in excess of the rates which they would draw for tours in ordinary tracts whether their headquarters are within or without the Agency.

The minimum daily allowance to be drawn by a clerk or a peon travelling in the Agency will however be 2 annas in the rate of the former and 1 anna in the case of the latter.

No. 99.—The following resolution of the Government of India is republished:—

FINANCE DEPARTMENT.

PAY, ALLOWANCES AND PENSION OFFICERS.—ACCOUNTS DEPARTMENT.

Bombé, the 26th August 1919.

No. 1256 P.E.—The Secretary of State has been pleased to sanction the following revised system of recruitment and the following revised rates of pay for the Indian Finance Department.

The proposals of the Government of India were laid before the Secretary of State in a despatch, dated 6th February 1919; their reconsideration was directed in his reply, dated 18th July 1919, and the revised proposals submitted to him were sanctioned, with some modifications, in a despatch, dated 20th June 1920.

1. The recruitment of probationers will in future exclusively be made in India only, but it will be supplemented by the selection of members of the Indian Civil Service, and, in each case, as may be found to be necessary from time to time, but without any fixed proportion to the total recruitment of the department, of officers recruited in Europe on special terms. Recruitment in England will include not only acts of technical statements required for special purposes, but also men who, besides possessing special qualifications, may be looked upon as available for the ordinary work of the department.

2. Four appointments in Class I of the General List, two appointments of Accountants-General on Rs. 3,250—100—3,750, and one appointment on Rs. 3,000 will be reserved for members of the Indian Civil Service. The posts in the General List reserved for the Indian Civil Service are intended to provide for the necessary training for the higher posts in the department and to meet other requirements for which training in accounts is necessary. A member of the Indian Civil Service brought in for training will not count for the first year of his period of training against the four posts in the General List reserved for the Indian Civil Service. The pay of an Indian Civil Service officer in the General List will be his pay in the table of the Indian Civil Service together with a special allowance of Rs. 200 per annum which will count as pay for all purposes. The senior time-scale of the Indian Civil Service may be applied to a member of the Indian Civil Service in the General List after the fifth year of service, unless for any special reason the Government of India desire in any particular case to vary the rule by restricting it to the reserve.

3. An officer recruited in England under the conditions mentioned in paragraph 1 above will be placed in the general time-scale set forth below at a point suitable to his age and will receive an addition to his pay which will be personal to himself and not fixed by general rule.

4. Officers recruited in India will be on a time-scale beginning at Rs. 250 and rising by annual increments of Rs. 50 to Rs. 1,250 in the third year of service. Promotions, on promotion, will be given only for approved service. An officer recruited in India to the department will be on probation for two years, during which he will be under training, and will not be eligible for the first increment until he has passed the first departmental examination, nor for the second increment until he has passed the second. Officers so recruited to the Indian Finance Department will be eligible for selection to (1) appointments in Class I carrying a progressive pay of Rs. 1,500 rising by annual increments of Rs. 50 to Rs. 1,800; (2) appointments as Accountants-General, some of which will be on a time-scale of Rs. 2,500 rising by annual increments of Rs. 100 to Rs. 3,750; and (3) to these special appointments as Accountants-General which will carry a pay of Rs. 3,000.

5. All existing incumbents, including members of the Indian Civil Service now in the department, will retain their present time-scale of pay and will be granted an addition to pay at the rate of one-third of their substantive pay on the existing scale up to and including the 15th year of service, at the rate of one-fourth of their substantive pay with a maximum of Rs. 200 from the 16th year up to and including the 19th year of service; and at the rate of one-fifth of their substantive pay with a maximum of Rs. 250 from the 20th year of service to the end of the time-scale and through the selection grade of Rs. 1,800 rising by annual increments of Rs. 50 to Rs. 1,900. The following table shows the additions to pay according to length of service:—

Year of service.	Pay.	Addition to pay.	Year of service.	Pay.	Addition to pay.
	Rs.	Rs.		Rs.	Rs.
1st	250	100	16th	1,750	250
2nd	300	110	17th	1,800	250
3rd	350	120	18th	1,850	250
4th	400	130	19th	1,900	250
5th	450	140	20th and 21st	1,950	250
6th	500	150	22nd and 23rd	2,000	250
7th	550	160	24th and 25th	2,050	250
8th	600	170	26th and 27th	2,100	250
9th	650	180	28th and 29th	2,150	250
10th	700	190	30th	2,200	250
11th	750	200	Selection grade	2,250	250
12th	800	210		2,300	250
13th	850	220		2,350	250
14th	900	230		2,400	250
15th	950	240		2,450	250

Note.—Subordinate positions in the General List and offices of the General List who are now drawing more pay than the length of their service warrants in the ordinary time-scale and members of the Indian Civil Service in the General List will draw in addition to pay at the rate corresponding to the pay grade by them so shown in the above table, not with reference to the length of their service in the Finance Department.

6. The initial pay of Accountants-General, whether members of the Indian Civil Service or not, and their future increments on the new scale will be fixed according to the length of time during which they have, prior to the introduction of the time-scale, held a salary equal to or in excess of Rs. 2,500 per annum.

2. The salary of an officer now in Class II will, when he is promoted to Class I, be regulated as if the Class I appointment carried a pay of \$2,000 rising by \$20 to \$2,020, the figure at which the present rate of \$1,500 rising by \$20 to \$1,920 will stand the existing incumbents. That is to say, the officer on making will draw his base rate, pay also the addition to pay specified in paragraph 3 above, pay nothing otherwise on an appointment carrying the pay of \$1,500 rising by \$20 to \$1,920.

2. The Government of India have secured the further consolidation the construction of the alliances attached to some of the appointments in the Finance Department. Feeling a demand on this point, these alliances will continue to be given.

20. The revised rates will have retrospective effect from the 1st December 1977.

20. 45.—The *Measles* notification of the Government of India is republished.

Correspondence—

No. 10 of 1920.—A Draft Bill to amend the Madras Bill Act, 1919, with Statement of Objects and Reasons.—*Trall, Telugu, Sanskrit and Malayalam.*

Bill to be introduced into the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 18 of the rules for the conduct of business at meetings of the Council the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

No. 12 of 1920.

A Bill to amend the Co-operative Societies Act, 1912.

WHEREAS it is expedient to amend the law relating to the co-operative societies in the Madras Presidency and whereas the sanction of the Governor-General under sub-section (2) of section 79 of the Government of India Act, 1915, has been accorded for the modification of the Co-operative Societies Act, 1912, in the manner hereinafter appearing:

It is hereby enacted as follows:—

1. (1) This Act may be called the Co-operative Societies (Amendment) Act, 1920.

(2) It extends to the whole of the Madras Presidency.

2. Section 42 of the Co-operative Societies Act, 1912, shall be construed as if—

(a) after sub-section (4) of the said section the following sub-section were

Correspondence of section 42 of Act 12 of 1912.

inserted, namely:—^a (4-A) Any sum ordered under this section to be recovered as a contribution to the assets of the society or as costs of liquidation may be recovered, on a requisition being made in this behalf to the Collector by the Registrar of Co-operative Societies, in the same manner as arrears of land revenue,^b and

(b) at the beginning of sub-section (5) of the said section the following words were inserted, namely:—^c Save as provided in sub-section (4-A).^d

STATEMENT OF OBJECTS AND REASONS

Under sub-section (5) of section 42 of the Co-operative Societies Act, II of 1916, the orders made by the liquidator of a co-operative society, the enforcement of which has been committed, have to be enforced by the civil court. It is of great importance that money due to societies which have failed should be collected and their liabilities discharged with as little delay as possible. The procedure authorized by the law as it now stands has been found to involve considerable delays and it is desirable to provide for a more expeditious and efficacious procedure for the realization of the assets of societies under liquidation and of the debts of liquidation. The Committee on Co-operation in India, 1916, recommended that at the next revision of the Co-operative Societies Act provision should be made for the summary recovery of the assets of a society in liquidation. Further, the Madras Provincial Co-operative Conference at its sixth session in 1937 unanimously recommended that the use of a summary process should be permitted in the recovery of loans repayable to liquidated societies.

It is therefore proposed to provide by law for the recovery of the assets of liquidated societies in this Territory and of the debts of liquidation as if they were arrears of land revenue. To prevent any abuse of this provision, it is proposed that this procedure should be adopted only when a requisition in this behalf is made to the Collector of the district by the Registrar of Co-operative Societies.
